

2006 Gemini Award Winner for
Best Preschool Series or Program

Welcome to Gisèle's Big Backyard!

makes you think

Here the trees are always green, flowers stay in bloom, and discoveries never end

Enter a new world of enchantment with Gisèle and all of her friends in a magical Big Backyard. In Gisèle's backyard

everything is possible. Squirrels can talk. Blue jays can sing. The sky is always blue. And even a potato can have a personality! You'll find that TVO's preschool paradise is a place where every young child is sure to feel at home. Amid the butterflies, flowers, and trees, children will learn and grow, and – "touch the sky."

Kids will love discovering each letter, number, musical note and color of the rainbow through Gisèle and her crazy adorable friends. Around every corner is an important lesson. That's because TVOKids programming is specially designed to give

children a head start in learning. You'll find interstitials, games, and activities that have been developed by educational experts – using Early Childhood Education (ECE) principles and the Ontario school curriculum as guides. Everything children learn in Gisèle's Big

Backyard can be used for a lifetime.

Gisèle's Big Backyard is available as a package of interstitials or as 13 twelve-minute episodes called *Gisèle's Big Backyard Show*. It all features a crazy cast of characters that make learning fun for young viewers. Whether you're looking for an hour's worth of program fillers, an entire season's worth of shorts, or a stand-alone 13-part series, we can work with

you to design a package to meet your needs. Contact TVOntario Sales and Licensing for more information.
